School Directors' Convention Is in Annual Session Today

Officers Elected Today, and City Superintendent Geo. E. Zerfoss Will Address Convention at 9 Tomorrow

The school directors of Clearfield county met in annual convention in the Arbitration room of the court house at 10 o'clock this morning. President Albert D. Bigler, of Clearfield, called the assemblage to order and directed Secretary E. V. Brown to call the roll of members, which showed almost every district in the county to be represented.

The meeting was opened with devotional exercises by Rev. Joseph John, of St. Andrews Episcopal church.

Then following the address of welcome by Dr. W. S. Piper, secretary of the Clearfield school board. The response was made by George J. Weber, of Troutville.

The report of Treasurer George J. Weber, showed the association to be in a healthy financial condition.

The election of officers resulted as follows:

President, W. Scott Piper.
Vice President, George B. Kirk.
Secretary, E. V. Brown.
Auditor, S. B. Welty.
Treasurer, George J. Weber.
Delegates to state convention, J. T. Williams, W. C. Craft, E. B. McCardell.
Alternates, H. C. Cramer, Ed. T. Henry, E. V. Brown.

At the afternoon session Dr. S. C. Stewart opened the discussion on "The Responsibility of the School Board in Regard to the Health of the Pupil."

"The Value of Supplementary Reading and Libraries in the public schools" was discussed by E. V. Brown and Walter Stewart.

Farm Agent, A. T. Kearney closed the session with a talk on "The relation of Agriculture to the Public School."

Tomorrow's session will open at 9.

LARGEST DAMAGE SUIT IS BEING HEARD TODAY

Freedom Oil Works Is Defendant In Suit for Damages in Which The Claim is For $90,000

ALLEGE KEROSENE WAS GAS

The largest personal damage case in the history of Clearfield County went to trial before Judge Bell this morning. The action in question is that of D. H. Falkner versus the Freedom Oil Works Co., a corporation located at Freedom, Pa., and engaged in the refining of kerosene oil and petroleum products.

The case grows out of an explosion and fire at Falkner's house in Sandy township, near DuBois, in February last, in which Falkner's wife and three children met a horrible death while he was seriously and painfully burned in attempting to rescue his loved ones from the flames.

The plaintiff alleged that the explosion and resultant fire was caused by an inflammable and explosive liquid purchased by Mrs. Falkner at Abe Kaplan's grocery store for common, ordinary kerosene oil, said to have been gasoline. The liquid was sold to Kaplan by D. H. Daugherty of DuBois, distributing agent for the manufacturers, the Freedom Oil Works Co.

The suit now on trial is the first of five separate actions, the total amount of damages asked for being $90,000.

L. D. McCall Esq., of DuBois, is prosecuting the case for Mr. Falkner, while Messrs. James A. Gleason, of DuBois, and W. C. Miller, of Clearfield, represent the defendant company.

NEW PRESIDENT PRO TEM. OF UNITED STATES SENATE

SENATOR W. SAULSBURY

Senator Willard Saulsbury of Delaware has been chosen president pro tempore of the United States senate, succeeding the late Senator Clarke of Arganasas. His selection was partly due to the fact that Senator Ollie James of Kentucky withdrew from the race. The senator is a member of the Democratic national committee from Delaware, and he was active in the western headquarters of the committee during the presidential campaign.

MEMORIAL TO CURTIS GUILD

Boston, Mass., Dec. 20.—An ornamental stairway erected at the Beacon Street end of Boston Common as a memorial to the late Curtis Guild, one-time governor of Massachusetts and afterward the United States ambassador to Russia, was unveiled today with a program of interesting ceremonies. Herbert Parger, former attorney general of Massachusetts, delivered the oration of the day and among the other distinguished participants in the exercises were Governor McCall, Mayor Curley and M. George Bakhmeteff, the Russian ambasasdor at Washington.

Harry Cathcart, of Olanta, was a Clearfield visitor today.

Twisty Problem Is Put Up To Judge Bell In Test Case To Recover Fees of Treasurer

$500 Lost In Transit From Tyler to DuBois

Adams Express Company Detectives Are Working on the Case

The mysterious disappearance of over $500 in currency in transit from Tyler to the Adams Express office in DuBois has been the object of search on the part of several detectives retained by that company, and is a mystery that baffles the employes at the local office.

The currency was sent from Tyler consigned to one of the local banks on last Friday. It was put up in two sealed packages and according to the facts that were learned one of the drivers, William Mason, of Clearfield, meeting the train from the east that day receipted for the money from the messenger on that run. This driver states that he turned the money over to another driver before the wagon started for the office in the central part of town. When the wagon arrived at the office and the money was checked up by Agent Blair Irwin, the two envelopes containing over $500 were missing. An immediate search was made along the road and at the railroad station on the supposition that the packages had been lost out of the canvas bag in which all such packages are put when received from the messengers, but this search failed to disclose the where abouts of the missing currency.

Headquarters was then notified by Agent Irwin and detectives were sent here to investigate.

The detectives, it is understood, have not found any promising clue, but will continue their investigation. It is believed that the money was lost but just where is a mystery.—DuBois Courier.

Ceremony Channukkah And Feast of Joy

Feast of the Lights is to Jews as Christmas is to Christians

New York, Dec. 20.— Chanukkah, or "The Feast of Lights" which is to the Jews what the Christmas festival is to those of the Christian faith, is now being celebrated by the orthodox Jews throughout the world. It is the great season of merrymaking with the descendants of Moses, but is principally a holiday season for the children. Special children's services were held in all of the New York temples today, those at the reformed churches being most elaborate.

The history of Chanukkah records one of the proudest triumpts of the Jewish spirit. In the year 165 B. C., the Greek religion and culture had made heavy inroads in Asia, and the conquering army of Alexander and his successors had spread its practices all along its victorious march. As Judea came under Syrian-Greek dominance, an acute stage was reached which compelled the faithful Jews to rush to arms to defend their faith and their country. The splendid victories of Jewish heroism under the valiant Maccabees and the driving of the great Syrian armies out of Judea gave freedom again to Israel. The importance of this victory for the Jew as well as for the world's culture and religion cannot be overestimated.

WANT NEW HIGH SCHOOL BUILDING

The school board of DuBois will ask the voters of that city to pass favorably upon an $85,000 bond issue proposition for the purpose of the erection of a junior high school building. The election is scheduled for February 6th, 1917.

PARTY CAUCUSES WILL BE HELD NEW YEAR'S NIGHT

George W. Reese [illegible] township, [illegible] week

City Solicitor Arnold of DuBois Discovered Law Passed in 1891 Repealed Commission Act

WRIGLEY REFUNDED HIS COMMISSIONS

An important legal point was put to submit a test case to the court for up to Judge Bell for solution in a [illegible] ruling, the decision on this case to govern all. Accordingly suit was instituted against ex-County Treasurer Wm. M. Boyce in order to get the matter before the court.

Mr. Swoope presented a rule this morning asking the court to enter judgment against Mr. Boyce for want of sufficient affidavit of defense and in this way it will be necessary for the court to pass upon the legality of the proposition and determine the matter one way or the other.

The amount involved will amount to at least a couple of thousand dollars and the ex-treasurers involved are: L. C. Dyer, George Weaver, William C. Goss, Leslie Stewart, and William M. Boyce.

paper filed in the Prothonotary's office by R. D. Swoope, Esq., of Curwensville.

About one year ago City Solicitor John C. Arnold of DuBois, in a search through the laws of the state with a view to determining what revenue his city would be entitled to from the county discovered that a law was passed in 1891 which repealed a previous act allowing the treasurer's of the different counties to deduct five per cent. of the license money before paying their share of the same over to the different municipalities.

Accordingly when County Treasurer Kline made his first return to the city of DuBois, with a 5 per cent. deduction as had heretofore been the case, his attention was called to the Act of 1891 and promptly returned the amount retained.

Ex-Treasurer Wrigley was then notified of the overlooked change in the law and he returned to the different districts the five per cent. retained during his four years term of office.

Following this action, Attorney Swoope, representing Curwensville borough and Bigler township, decided to enter suit against all former county treasurers in office since the law of 1891 was placed upon the books.

Attorneys for the different treasurer's contended that it would not be possible to collect a refund beyond six year, while Mr. Swoope alleges that a bond with a seal, such as the treasurers were obliged to give was binding and held the sureties for twenty-one years. In order to determine the matter the attorneys agreed

MISCELLANEOUS SHOWER

Misses Mary Hastings and Mame Hartzfeld gave a miscellaneous shower last evening at Miss Hasting's home on Cherry street in honor of Miss Hazel Durst whose wedding to Fred Wilson will take place in the near future. Covers were laid for thirteen at an artistically decorated table from the center of which hung a pink parasol from which extended pink ribbons and greens. [illegible] pink baskets filled with candies were the favors.

Miss Durst received many beautiful gifts of cut glass, china, silver and linen.

Copper Thieves are Finally Rounded Up

East End Man Nabbed for Wire Theft Last August

Some time during August last more than two hundred pounds of copper wire was stolen from the Harbison-Walker brick works down in the Fourth ward.

The police authorities were notified of the theft and conducted a careful investigate but were unable to get any trace of the thief or thieves. A close watch was kept on the junk dealers working in this vicinity and by this watch it was learned that the missing wire had been disposed of by an East End party one day last week. A little gum shoe work soon located the seller of the stolen goods and he was confronted with the evidence in the hands of the police and promptly confessed offering to make restitution and pay all costs and charges to avoid prosecution.

When the wire was stolen it was taken to the home of the thief and hidden in the attic and believing the coast to be clear now and needing some Christmas money the same was sold and theft traced home.

POPULAR COUPLE TO WED

William Sensel, of East End, and Miss Hettie Jaworsk, of the Third Ward, a well known and popular young couple, will be married at the Lutheran parsonage at 6 o'clock this evening by Rev. C. R. Aurbach. After the wedding ceremony the young people will leave on the 6:10 P. R. R. train for a wedding trip to the [illegible] after which they will be at home [illegible]

BECOMING A RARITY

The young town tin horn sport who loafs around the opera house during the institute week is notable for his absence this week. A few on whom the habit has fastened its tentacles have not been able to break the shackles and are to be found at their old places hoping and praying that some fair school marm will cast a friendly glance in their direction.

MULTIPLICATION

Gift giving is as elastic as our multiplication table. We start on a shopping tour, purchase a remembrance for all we can think of and breathe a sigh of relief as we enter our door, happy in the thought that we are done for another year. But alas our happiness is short livxd. We open the door and find the postman has delivered numerous packages and among them are gifts from many of whom we did not think before. We return to the shops again and we repeat the performance until Xmas is over. Did it ever happen to you?

OTHER PEOPLE'S BUSINESS

The Punxsutawney Spirit makes some very pertinent remarks concerning the attempt of Senator Penrose to dictate the election of speaker of the house of Representatives. The DuBois Courier reprints the articles. All of which is significant of the waning power of the Senior Senator who finds time heavy on his hands in Washington and devotes his surplus energy to the manhandling of our state houses of government. The article plainly states that we sent Mr. Penrose to Washington to look after our interests in the Federal government and we also placed Mr. Brumbaugh at the helm of the state ship and we have a right to expect each to perform their duties in their respective fields and not attempt to usurp the duties and powers of each other.

The people of this state should bitterly resent the interference of any boss or leader of a faction with the state administration. When we elect a man governor, he should be the governor.

KNOWLEDGE THROUGH CONVERSATION

Conversation apparently is becoming a lost art. Men rarely speak except on matters of business and to express their wishes and desires. Aside from this a few indulge in small talk and in the popular slang terms of the present day. It is necessary for us to speak of business and we are fortunate that we can voice our needs but to engage in small talk and slang expression is a disgrace to our beautiful English language and an insult to our Maker who has endowed us with a voice to speak and mental powers to form proper expression of our thoughts.

Unfortunately the conversation one hears in public places is neither entertaining nor elevating. One finds expression of the most beautiful thoughts around the family fireside but even in the home the art of conversation is obliterated from view with short and trite phrases. Our busy life robs us of what should be our dearest associations. Once in a great while we find a group of men engaged in conversation where each gives his views to the extent of his knowledge on some certain subject and each is enlightened thereby. Too often though a conversation becomes an argument and quickly develops into blackguardism.

We hope for a regeneration of the gentlemen of the old school who knew so well how to express their thoughts to one another and for a revival of the art of conversation. Through it we live a more enlighted life with a better understanding of the views of our brothers.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts if your Back Hurts or Bladder Troubles You

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

TO HOLD A CONFERENCE AT YALE

New Haven, Conn., Dec. 20.—Organizations in more than thirty colleges will be represented at the tenth annual Cosmopolitan Clubs' convention to be held here next week. The meeting of the "Corda Fratres Association of Cosmopolitan Clubs" will be held under the auspices of the Yale Cosmopolitan Club and will begin its sessions one week from today. The purpose of the convention is an enlargement upon the aim of the separate clubs in colleges and universities in the United States, namely the promotion of a better understanding between men of different nationalities. Thirty three colleges and universities, including, Harvard, Yale and Princeton, have Cosmopolitan Clubs, which have done much to accomplish this purpose.

A WOMAN'S BACK

The Advice of This Clearfield Woman is of Certain Value

Many a woman's back has many aches and pains.
Ordinary backache brings sorrow.
That's why Doan's Kidney Pills are so effective.
Many Clearfield women know this. Read what one has to say about it:
Mrs. Ella Taylor, 1116 Pine street, Clearfield, says: "I was troubled with my back and on rising from a stooping position the pains through the small of my back would cause a sharp annoyance. Doan's Kidney Pills soon ended the pain, strengthening the parts through my back and making me feel better and stronger generally."
Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Taylor had. Foster-Milburn Co., Props., Buffalo, N. Y.

STREET LIGHTING COST

DuBois city pays $40 each for her arc lights. Clearfield pays $62. It costs DuBois $7,000 per year for light in her city and we pay $9,300 in Clearfield.

John K. DeBolt has offered to sell the electric light plant to the city for $70,000 and council will probably take it.

The entire revenue of the city during 1916 totaled $145,617.13, while the expenditures amounted to $144,615.43. Clearfield taxpayers pay into our borough treasury annually for all borough purposes less than $27,000. Some difference in the cost of government and yet some people keep right on kicking.

CURWENSVILLE NEWS

Mr. A. E. Potter returned Monday night from a trip to Philadelphia.

The young daughter of Lloyd Shaw of the South Side is ill at this writing.

R. D. Swoope and Wm. Ramsdell motored to Bellefonte yesterday.

T. W. Nolter of Lumberburg is spending a few days with his daughter Mrs. John G. [illegible] of the South Side.

Miss Marie Evans left for her home at Pittsburg today after having been the guest for a number of Mrs. Alfred Irvin.

Miss Annie Locke left this week for Rochester, N. Y., to spend Christmas with her sister Edith who is training in a Rochester hospital.

An adjourned meeting of the borough council will be held tonight at which they hope to clean up all the unfinished business of the year.

William Todd, Jr., left for his New York state home yesterday after visiting with his father the P. R. & L. Co., splitter for about ten days.

Mrs. C. E. Springer of Philadelphia returned to her home this morning after spending a week with her daughter Mrs. Rev. H. Cooke who has been sick for about two weeks and who at this time is slowly improving. This home deserves the sympathy of the entire community as both Rev. Cook and wife are now on the sick list.

One of those delightful social affairs for which the younger set are noted was the luncheon and five hundred given by Miss Dorothy Wolf at her State street home yesterday afternoon. Covers were laid for twenty four among whom were the Misses Marjorie McMinn, Betty Cricks and Helen Pentz, of DuBois, Julia and Gertrude Bell, Julia Miller, Helen Dufton, Louise Wright, Marion Wright, Margaret Wrigley, Ethel Boyce and Josephine Tonner of Clearfield; Edith Patton, Emma Draucker, Miriam Dyce, Allene Blake and Mary Swoope of Curwensville. The prize was won by Miss Mary Swoope.

Superintendent of primary, Mrs. Anna Kittlebarger.

Assistant Superintendent primary, Miss Ruth Robison.

Superintendent cradle roll, Miss Rebecca Stoner.

Home department, Mrs. Louise Cadman

Superintendent of missionary and temperance, S. C. Wells.

Every class in the Penn M. E. Sunday school here has undertaken to do some special stunt in connection with their Christmas service which will bring sunshine and happiness into many homes each class has decided its own work and some of the many gifts will be Christmas candy, fruit and nuts for the needy, clothing and other gifts to magazines and papers for certain institutions and some of the little tots are bringing in their toys to buy sleds and toys for others. It's a children's home not far away. Come on now and let everyone of your class getting and get into the spirit of giving with the scholars on this Sunday school.

Miss Loraine Wolf entertained at luncheon and five hundred yesterday at her home in Curwensville. Covers were laid for twenty four and an elaborate luncheon was served. Dainty Christmas place cards and favors and Christmas boxes filled with candies and a red carnation at each place decorated the tables.

Following the luncheon five hundred was played. The head prize, a beautiful cut vase was won by Miss Mary Swoope and the second prize, a pretty silver picture frame was won by Miss Helen Dufton.

Those from Clearfield who attended the luncheon were Misses Julia Bell, Agnes Weaver, Margaret Wrigley, Helen Dufton, Marian Wright, Julia Miller, Gertrude Bell, Ethel Boyce, Josephine Tonner. Other out of town guests were: Mrs. Walter Sohn, of Harrisburg; Misses Mary Pentz, Betty Cricks and Marjorie MacMinn, of DuBois.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed with Sulphur It Brings Back its Beautiful Lustre at Once

Gray hair, however, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundredfold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and luxurious, and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

SPORT NOTES

President Frazee has let go of all of New York baseball hobbies and intends to devote himself and his time to his Boston Red Sox.

For the second successive season, "Hugh" Hermann, freshman coach at Penn State, Lewisburg, his yearlings through a hard football schedule without a defeat.

If George Sisler had the aggressiveness and confidence of Ty Cobb, "it would be equally great," is the way Branch Rickey sizes up the situation of the 1916 season in the American league.

Charles Dooin, former manager of the Phils, so enjoys the work of running a modern garage, which he recently opened in Philadelphia, that he is not over-anxious to return to baseball.

Johnny Coulon, former bantamweight champion, has saved his ring earnings to invest in real estate. Recently the diminutive pugilist sold a Chicago apartment building for the snug sum of $87,500.

At the recent meeting of the Ontario Hockey association, the officials in their annual reports pointed with much pride to the fact that so many players were distinguishing themselves on European battlefields.

Harry Carlson, New England's new lightweight champion, is said to possess as rapid a county left hand as any boxer in the lightweight division. What's more he connects from such a short distance that when he lands he hurts.

Football should have no terrors for gritty-scarred Walt Wheeler, Harvard's captain-elect. The giant drove an ambulance for two hours under a heavy fire last Summer, carrying wounded soldiers from the Verdun battlefield.

Nick Altrock, coach of the Washington baseball team, and noted for his "comedy stuff" has now blossomed out as a full-fledged comedian on the vaudeville stage.

Pitcher Jean Dubuc, of the Detroit Tigers, is trying to buy a minor league franchise with the expectation of becoming a regular baseball magnate.

Ed. Patterson of New York, who formerly managed Shamus O'Brien, is now piloting "Chick" Stahl, a sensational lightweight hailing from Scranton.

Cy Seymour, Mike Doolin, Arthur Devlin, three old-time Giant pastimers, are candidates for managerial berths in the International league.

Boston hockey fans are to be well provided with their favorite sport this winter. In addition to the Harvard and Tech teams, th Boston A. A., the Boston Hockey club and the Arena Hockey club teams will furnish the fans with the ice sport.

So successful was last year's revival of boxing at Harvard that the students of the university are making much more elaborate plans for the sport during the present college year, and a championship tournament similar to that conducted last spring, with the possibility of intercollegiate tournaments during the course of the year, is being planned.

Look and Feel Clean, Sweet and Fresh Every Day

Drink a glass of real hot water before breakfast to wash out poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphat in it to wash from the stomacious day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweeteningand purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating, it cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed with Sulphur It Brings Back Its Beautiful Lustre at Once

Gray hair, however, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur restores its appearance a hundredfold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" which is merely the old-time recipe improved by the addition of other ingredients. Thousands of ladies recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it and draw this through the hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and luxuriant, and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

SPORT NOTES

President Frazee has let go of all his New York theatrical holdings and intends to devote himself and his time to the Boston Red Sox.

After the second successive season, "Jack" Hermann, freshman coach at Penn State, brought his yearlings through a hard football schedule without a defeat.

"If Gregg Sisler had the aggressiveness and confidence of Ty Cobb, he would be equally great," is the way Uncany Jennings sizes up the sensation of the 1916 season in the American league.

Charles Doom, former manager of the Phils, so enjoys the work of running a modern garage, which he recently opened in Philadelphia, that he is not over-anxious to return to baseball.

Johnny Coulon, former bantamweight champion, has saved his ring earnings to invest in real estate. Recently the diminutive pugilist sold a Chicago apartment building for the snug sum of $37,500.

At the recent meeting of the Ontario Hockey association, the officials in their annual reports pointed with much pride to the fact that so many players were distinguishing themselves on European battlefields.

Henry Carlson, New England's new lightweight champion, is said to possess as rapid a county left hand as any boxer in the lightweight division. What's more he connects from such a short distance that when he lands he hurts.

Football should have no terrors for [illegible]-scarred Walt Wheeler, Harvard's captain-elect. The giant once ran [illegible] ambulance for two hours under a heavy fire last Summer, carrying wounded soldiers from the Verdun battlefield.

Nick Altrock, coach of the Washington baseball team, and noted for his "comedy stuff" has now blossomed out as a full-fledged comedian on the vaudeville stage.

Pitcher Jean Dubuc, of the Detroit Tigers, is trying to buy a minor league franchise with the expectation of becoming a regular baseball magnate.

Al. Patterson of New York, who formerly managed Shamus O'Brien, is now piloting "Chick" Stinler, a sensational lightweight hailing from Scranton.

Ed Seymour, Mike Doolin, Arthur Devlin—these old-time Giant pastimers are candidates for managerial perils in the International league.

Winter hockey fans are to be well provided with their favorite sport this winter. In addition to the Harvard and Tech teams, the Boston A. A., the Boston Bruins, the Arena Hockey club teams will furnish the fans with the ice sport.

So successful was last year's revival of boxing at Harvard that the students of the university are making much more elaborate plans for the year, during the present college year, and a championship tournament similar to that conducted last spring, with the possibility of intercollegiate tournaments during the course of the year, is being planned.

Rheumatism is "pain" only.

Not one case in fifty requires internal treatment. Stop dragging! Rub soothing, penetrating "St. Jacob's Oil" right into your sore, stiff, aching joints, and relief comes instantly. "St. Jacob's Oil" is a harmless liniment which never disappoints and can not burn the skin.

Limber up! Quit complaining! Get a small trial bottle of old, honest "St. Jacob's Oil" at any drug store, and in a moment you'll be free from rheumatism pain, soreness and stiffness. Don't suffer! Relief awaits you. "St. Jacob's Oil" is just as good for sciatica, backache, lumbago, [illegible]

Look and Feel Clean, Sweet and Fresh Every Day

Drink a glass of real hot water before breakfast to wash out poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphat in it to wash from the stomach's day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweeteningand purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating, it cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

TO PROMOTE FRIENDLY RELATIONS

Washington, D. C., Dec. 20.—The Southern Society of Washington, which in late years has attained a foremost place among the social organizations of the national capital, has arranged an ambitious program for the present social season with the announced purpose of promoting friendly relations between the people of all sections of this country and with other countries of the western hemisphere. The first in the series of entertainments will be a reception and ball to be given tomorrow night at the Pan-American building in honor of the diplomatic representatives of the South and Central American republics. The President and Mrs. Wilson are among those who have accepted invitations to attend the ball.

$100,000 FIRE AT JERSEY SHORE

Jersey Shore was visited by a $100,000 fire Monday morning last. The fire started in the cellar of the Masonic building and on account of inadequate equipment and poor water pressure the building was destroyed and several adjoining buildings, including the Hotel Pickering owned by Joseph Pickering of this place, were badly damaged.

The fire departments of both Williamsport and Lock Haven were appealed to and quickly responded, the LaFrance engine of Williamsport department being the means by which the fire was subdued.

"THE FEAST OF LIFE"

Special Feature at the Globe Theatre Today

Aurora Fernandez, a poor Cuban girl, is persuaded against her will to become betrothed to Don Armada, a wealthy Cuban. She loves Pedro, a young fisherman, who lives with his uncle Father Venura and his sister Celida, who has been secretly stealing to Don Armada's villa, but is cast off by him on his engagement to Aurora.

Longing for a sight of Pedro, Aurora, disguised as a dancing girl goes to an inn where Pedro comes with other fishermen for a night's revelry. He does not recognize her as his "Lady of the Lily" as he calls her, but falls a victim to the charms of the dancing girl.

Celida, dying of a broken heart, confesses to Pedro and Father Ventura; and Pedro, to avenge Celida, summons all the fishermen in the village and leads them against Armada, in whose villa the wedding feast is being held. The guests fly in terror and Armada is wounded. Aurora alone remains undaunted, and Pedro, finding her, recognizes not only his love of the tavern, but Aurora and that she is the wife of Armada. Notwithstanding her pleadings not to kill her husband, he is about to strike when he sees that Don Armada is blind. This awakens his pity and he leaves the house.

Don Armada has an operaton performed on his eyes which proves successful, but the physicians warn him that any shock may result in blindness for life. Aurora, in the meantime, has been carrying on clandestine meetings with Pedro, and Armada, hoping to find out who Aurora's lover is, tells her that the operation has been a failure. He intercepts a note from Pedro and locking Aurora in her room, stabs Pedro. He then returns to Aurora and she discovers that he has tricked her. He tells her what he has done, but the shock kills him. Aurora escapes and finds Pedro still alive. She takes him home where she watches over him, and the crisis over, the lovers are reunited.

School Directors' Convention Is in Annual Session Today

Officers Elected Today, and City Superintendent Geo. E. Zerfoss Will Address Convention at 9 Tomorrow

The school directors of Clearfield county met in annual convention in the Arbitration room of the court house at 10 o'clock this morning. President Albert D. Bigler, of Clearfield, called the assemblage to order and directed Secretary E. V. Brown to call the roll of members, which showed almost every district in the county to be represented.

The meeting was opened with devotional exercises by Rev. Joseph John, of St. Andrews Episcopal church.

Then following the address of welcome by Dr. W. S. Piper, secretary of the Clearfield school board. The response was made by George J. Weber, of Troutville.

The report of Treasurer George J. Weber, showed the association to be in a healthy financial condition.

The election of officers resulted as follows:

President, W. Scott Piper.
Vice President, George B. Kirk.
Secretary, E. V. Brown.
Auditor, S. B. Welty.

LARGEST DAMAGE SUIT IS BEING HEARD TODAY

Freedom Oil Works Is Defendant In Suit for Damages in Which The Claim is For $90,000

ALLEGE KEROSENE WAS GAS

The largest personal damage case in the history of Clearfield County went to trial before Judge Bell this morning. The action in question is that of D. H. Falkner versus the Freedom Oil Works Co., a corporation located at Freedom, Pa., and engaged in the refining of kerosene oil and petroleum products.

The case grows out of an explosion and fire at Falkner's house in Sandy township, near DuBois, in February last, in which Falkner's wife and three children met a horrible death while he was seriously and painfully burned in attempting to rescue his loved ones from the flames.

The plaintiff alleged that the explosion and resultant fire was caused by an inflammable and explosive liquid purchased by Mrs. Falkner at Abe Kaplan's grocery store for common, ordinary kerosene oil, said to have been gasoline. The liquid was sold to Kaplan by D. H. Daugherty of DuBois, distributing agent for the manufacturers, the Freedom Oil Works Co.

The suit now on trial is the first of five separate actions, the total amount of damages asked for being $90,000.

L. D. McCall Esq., of DuBois, is prosecuting the case for Mr. Falkner, while Messrs. James A. Gleason, of DuBois, and W. C. Miller, of Clearfield, represent the defendant company.

NEW PRESIDENT PRO TEM. OF UNITED STATES SENATE

SENATOR W. SAULSBURY

Senator Willard Saulsbury of Delaware has been chosen president pro tempore of the United States senate, succeeding the late Senator Clarke of Arganasas. His selection was partly due to the fact that Senator Ollie James of Kentucky withdrew from the race. The senator is a member of the Democratic national committee from Delaware, and he was active in the western headquarters of the committee during the presidential campaign.

MEMORIAL TO CURTIS GUILD

Boston, Mass., Dec. 20.—An ornamental stairway erected at the Beacon Street end of Boston Common as a memorial to the late Curtis Guild, one-time governor of Massachusetts and afterward the United States ambassador to Russia, was unveiled today with a program of interesting ceremonies. Herbert Parger, former attorney general of Massachusetts, delivered the oration of the day and among the other distinguished participants in the exercises were Governor McCall, Mayor Curley and M. George Bakhmeteff, the Russian ambasasdor at Washington.

Harry Cathcart, of Olanta, was a Clearfield visitor today.

Twisty Problem Is Put Up To Judge Bell In Test Case To Recover Fees of Treasurer

$500 Lost In Transit From Tyler to DuBois

Adams Express Company Detectives Are Working on the Case

The mysterious disappearance of over $500 in currency in transit from Tyler to the Adams Express office in DuBois has been the object of search on the part of several detectives retained by that company, and is a mystery that baffles the employes at the local office.

The currency was sent from Tyler consigned to one of the local banks on last Friday. It was put up in two sealed packages and according to the facts that were learned one of the drivers, William Mason, of Clearfield, meeting the train from the east that day receipted for the money from the messenger on that run. This driver states that he turned the money over to another driver before the wagon started for the office in the central part of town. When the wagon arrived at the office and the money was checked up by Agent Blair Irwin, the two envelopes containing over $500 were missing. An immediate search was made along the road and at the railroad station on the supposition that the packages had been lost out of the canvas bag in which all such packages are put when received from the messengers, but this search failed to disclose the where abouts of the missing currency.

Headquarters was then notified by Agent Irwin and detectives were sent here to investigate.

The detectives, it is understood, have not found any promising clue, but will continue their investigation. It is believed that the money was lost but just where is a mystery.—DuBois Courier.

City Solicitor Arnold of DuBois Discovered Law Passed in 1891 Repealed Commission Act

WRIGLEY REFUNDED HIS COMMISSIONS

An important legal point was put to submit a test case to the court for up to Judge Bell for solution in a ruling, the decision on this case to paper filed in the Prothonotary's office by R. D. Swoope, Esq., of Curwensville.

About one year ago City Solicitor John C. Arnold of DuBois, in a search through the laws of the state with a view to determining what revenue his city would be entitled to from the county discovered that a law was passed in 1891 which repealed a previous act allowing the treasurer's of the different counties to deduct five per cent. of the license money before paying their share of the same over to the different municipalities.

Accordingly when County Treasurer Kline made his first return to the city of DuBois, with a 5 per cent. deduction as had heretofore been the case, his attention was called to the Act of 1891 and promptly returned the amount retained.

Ex-Treasurer Wrigley was then notified of the overlooked change in the law and he returned to the different districts the five per cent. retained during his four years term of office.

Following this action, Attorney Swoope, representing Curwensville borough and Bigler township, decided to enter suit against all former county treasurers in office since the law of 1891 was placed upon the books.

Attorney for the different treasurer's contended that it would not be possible to collect a refund beyond six year, while Mr. Swoope alleges that a bond with a seal, such as the treasurers were obliged to give was binding and held the sureties for twenty-one years. In order to determine the matter the attorneys agreed

Ceremony Channukkah And Feast of Joy

Feast of the Lights is to Jews as Christmas is to Christians

New York, Dec. 20.— Chanukkah, or "The Feast of Lights" which is to the Jews what the Christmas festival is to those of the Christian faith, is now being celebrated by the orthodox Jews throughout the world. It is the great season of merrymaking with the descendants of Moses, but is principally a holiday season for the children. Special children's services were held in all of the New York temples today, those at the reformed churches being most elaborate.

The history of Chanukkah records one of the proudest triumpts of the Jewish spirit. In the year 165 B. C., the Greek religion and culture had made heavy inroads in Asia, and the conquering army of Alexander and his successors had spread its practices all along its victorious march. As Judea came under Syrian-Greek dominance, an acute stage was reached which compelled the faithful Jews to rush to arms to defend their faith and their country. The splendid victories of Jewish heroism under the valiant Maccabees and the driving of the great Syrian armies out of Judea gave freedom again to Israel. The importance of this victory for the Jew as well as for the world's culture and religion cannot be overestimated.

WANT NEW HIGH SCHOOL BUILDING

The school board of DuBois will ask the voters of that city to pass favorably upon an $85,000 bond issue proposition for the purpose of the erection of a junior high school building. The election is scheduled for February 6th, 1917.

PARTY CAUCUSES WILL BE HELD NEW YEAR'S NIGHT

Pink baskets filled with candies were the favors.

Miss Durst received many beautiful gifts of cut glass, china, silver and linen.

Copper Thieves are Finally Rounded Up

East End Man Nabbed for Wire Theft Last August

Some time during August last more than two hundred pounds of copper wire was stolen from the Harbison-Walker brick works down in the Fourth ward.

The police authorities were notified of the theft and conducted a careful investigate but were unable to get any trace of the thief or thieves. A close watch was kept on the junk dealers working in this vicinity and by this watch it was learned that the missing wire had been disposed of by an East End party one day last week. A little gum shoe work soon located the seller of the stolen goods and he was confronted with the evidence in the hands of the police and promptly confessed offering to make restitution and pay all costs and charges to avoid prosecution.

When the wire was stolen it was taken to the home of the thief and hidden in the attic and believing the coast to be clear now and needing some Christmas money the same was sold and theft traced home.

"Hazing" Results in Death of 16 Year Old Mine Worker

Warrants Have Been Issued for Four Men Who Will Be Held Responsible for His Death

Charleroi, Pa., Dec. 20.—(By United Press)—Charles Otto, a sixteen year old mine worker is dead today at Roscoe south of here and warrants for the arrest have been issued of four other miners in connection with his death. Just before he died the youth told his father of the frightfulness he had undergone at the mine—"hazing" the boy call it.

Telling the story of the alleged mistreatment accorded him the youth said when he refused to buy cigars out of his meager earnings for the men above him he was cruelly whipped with a black snake whip. At times he was stripped naked and his body covered with grease and his head held in a tub of water. These and all lot of other cruelties he further recited today following the consultation of Dr. E. E. Collier, the family physician. Dr. Collier diagnosed the case as spinal meningitis which he said was probably due to cruelties inflicted upon him at the mine. A thorough investigation into the matter will be made, the authorities declare.

ROWDYISM OF TRAINS TO STOP

The [illegible] railroad company has at last decided to break up the annoying practice of having [illegible] and boys getting on these passenger trains at Philipsburg loaded to the guards with bad liquor and to proceed to make life a burden for the other passengers until they arrive at their home town and get off the train.

On December 11th George Bunnell, of Blue Ball got on train No. 4 at Philipsburg well charged with bad liquor as usual, and made himself such a nuisance that the train men kicked him off several times. After he was put off the train at Blue Ball he swore he would take his spite out on Trainman Leidy, who was off the train and made the passengers to get off and made a pass as the husky lad was that as far as he could be kicked on him and down the aisle while he was at it the rascal got a proper trimming.

Loving Another Man's Wife He Promised to Dynamite Hubby

DuBois Man Brought to Jail for Threatening the Life of Husband of Object of His Affections

That eternal and trouble-provoking triangle of two men and one woman was responsible for a trip to Clearfield by Constable Sullivan of the First Ward of DuBois. Constable Sullivan came to Clearfield this morning having in tow one Antonio Cymbalitis, whom he deposited with Sheriff McCloskey and received the Sheriff's receipt for the delivery of the goods in proper condition.

It appears that the man with the musical name became fiercely enamored of the wife of one of his friends and was inclined to poach on the other fellow's preserve, and when hubby very naturally objected to Antonio's magnolius affections, the fiery lover swore on the point of his knife to enter upon the premises of the husband of his wanted affinity and with force of arms and a stick of dynamite proceed to blow into kingdomcome said premises, the husband and divers and sundry every other thing therein contained but the object of his affections.

The husband being a man of peace and not caring to leave this land of care and sorrow so unceremoniously, especially at the gladsome Christmas time, hied himself down to Alderman Joe Bogden and made information against Antonio for making these [illegible] threats against his life.

After hearing the evidence Alderman Bogden decreed that Antonio, in default of $1,000 bail, should be taken to Clearfield and the presents with his Christmas dinner while awaiting some other proceedings at the hands of Judge Bell who [illegible] case [illegible] at February criminal court.

BECOMING A RARITY

The young town tin horn sport who loafs around the opera house during the institute week is notable for his absence this week. A few on whom the habit has fastened its tentacles have not been able to break the shackles and are to be found at their old places hoping and praying that some fair school marm will cast a friendly glance in their direction.

MULTIPLICATION

Gift giving is as elastic as our multiplication table. We start on a shopping tour, purchase a remembrance for all we can think of and breathe a sigh of relief as we enter our door, happy in the thought that we are done for another year. But alas our happiness is short livxd. We open the door and find the postman has delivered numerous packages and among them are gifts from many of whom we did not think before. We return to the shops again and we repeat the performance until Xmas is over. Did it ever happen to you?

OTHER PEOPLE'S BUSINESS

The Punxsutawney Spirit makes some very pertinent remarks concerning the attempt of Senator Penrose to dictate the election of speaker of the house of Representatives. The DuBois Courier reprints the articles. All of which is significant of the waning power of the Senior Senator who finds time heavy on his hands in Washington and devotes his surplus energy to the manhandling of our state houses of government. The article plainly states that we sent Mr. Penrose to Washington to look after our interests in the Federal government and we also placed Mr. Brumbaugh at the helm of the state ship and we have a right to expect each to perform their duties in their respective fields and not attempt to usurp the duties and powers of each other.

The people of this state should bitterly resent the interference of any boss or leader of a faction with the state administration. When we elect a man governor, he should be the governor.

KNOWLEDGE THROUGH CONVERSATION

Conversation apparently is becoming a lost art. Men rarely speak except on matters of business and to express their wishes and desires. Aside from this a few indulge in small talk and in the popular slang terms of the present day. It is necessary for us to speak of business and we are fortunate that we can voice our needs but to engage in small talk and slang expression is a disgrace to our beautiful English language and an insult to our Maker who has endowed us with a voice to speak and mental powers to form proper expression of our thoughts.

Unfortunately the conversation one hears in public places is neither entertaining nor elevating. One finds expression of the most beautiful thoughts around the family fireside but even in the home the art of conversation is obliterated from view with short and trite phrases. Our busy life robs us of what should be our dearest associations. Once in a great while we find a group of men engaged in conversation where each gives his views to the extent of his knowledge on some certain subject and each is enlightened thereby. Too often though a conversation becomes an argument and quickly develops into blackguardism.

We hope for a regeneration of the gentlemen of the old school who knew so well how to express their thoughts to one another and for a revival of the art of conversation. Through it we live a more enlighted life with a better understanding of the views of our brothers.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts if your Back Hurts or Bladder Troubles You

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

STREET LIGHTING COST

DuBois city pays $40 each for her arc lights. Clearfield pays $62. It costs DuBois $7,000 per year for light in her city and we pay $9,300 in Clearfield.

John K. DeBolt has offered to sell the electric light plant to the city for $70,000 and council will probably take it at the offer.

The entire revenue of the city during 1916 totaled $145,617.13, while the expenditures amounted to $144,615.43. Clearfield taxpayers pay into our borough treasury annually for all borough purposes less than $27,000. Some difference in the cost of government and yet some people keep right on kicking.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed with Sulphur It Brings Back its Beautiful Lustre at Once

Gray hair, however, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundredfold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

SPORT NOTES

President Frazee has let go of all of New York baseball holdings and intends to devote himself and his time to his Boston Red Sox.

For the second successive season, "Hugh" Hermann, freshman coach at Penn State, Lewisburg, his yearlings through a hard football schedule without a defeat.

If George Sisler had the aggressiveness and confidence of Ty Cobb, "it would be equally great," is the way Branch Rickey sizes up the situation of the 1916 season in the American league.

Charles Dooin, former manager of the Phils, so enjoys the work of running a modern garage, which he recently opened in Philadelphia, that he is not over-anxious to return to baseball.

Johnny Coulon, former bantamweight champion, has saved his ring earnings to invest in real estate. Recently the diminutive pugilist sold a Chicago apartment building for the snug sum of $87,500.

At the recent meeting of the Ontario Hockey association, the officials in their annual reports pointed with much pride to the fact that so many players were distinguishing themselves on European battlefields.

Harry Carlson, New England's new lightweight champion, is said to possess as rapid a county left hand as any boxer in the lightweight division. What's more he connects from such a short distance that when he lands he hurts.

Football should have no terrors for gridiron-scarred Walt Wheeler, Harvard's captain-elect. The giant drove an ambulance for two hours under a heavy fire last Summer, carrying wounded soldiers from the Verdun battlefield.

Nick Altrock, coach of the Washington baseball team, and noted for his "comedy stuff" has now blossomed out as a full-fledged comedian on the vaudeville stage.

Pitcher Jean Dubuc, of the Detroit Tigers, is trying to buy a minor league franchise with the expectation of becoming a regular baseball magnate.

Ed. Patterson of New York, who formerly managed Shamus O'Brien, is now piloting "Chick" Stahl, a sensational lightweight hailing from Scranton.

Cy Seymour, Mike Doolin, Arthur Devlin, three old-time Giant pastimers, are candidates for managerial berths in the International league.

Boston hockey fans are to be well provided with their favorite sport this winter. In addition to the Harvard and Tech teams, th Boston A. A., the Boston Hockey club and the Arena Hockey club teams will furnish the fans with the ice sport.

So successful was last year's revival of boxing at Harvard that the students of the university are making much more elaborate plans for the sport during the present college year, and a championship tournament similar to that conducted last spring, with the possibility of intercollegiate tournaments during the course of the year, is being planned.

Like New Velvet

That's what one lady said after I had cleaned a velvet suit for her. The "pile" stood up and had that "shimmery" look of new matrial. She was pleased. You will be, too, if you will bring in anything velvet to be cleaned.

Look and Feel Clean, Sweet and Fresh Every Day

Drink a glass of real hot water before breakfast to wash out poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphat in it to wash from the stomachious day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweeteningand purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating, it cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

Other out of town guests were: Mrs. Walter Sohn, of Harrisburg; Misses Mary Pentz, Betty Curtis and Marjorie MacMinn, of DuBois.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed with Sulphur It Brings Back Its Beautiful Lustre at Once

Gray hair, however, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur restores its appearance a hundredfold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" which is merely the old-time recipe improved by the addition of other ingredients. Thousands of ladies recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and luxuriant, and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

SPORT NOTES

President Frazee has let go of all his New York theatrical holdings and intends to devote himself and his time to the Boston Red Sox.

After the second successive season, "Jack" Hermann, freshman coach at Penn State, brought his yearlings through a hard football schedule without a defeat.

"If Gregg Sisler had the aggressiveness and confidence of Ty Cobb, he would be equally great," is the way Uncany Jennings sizes up the sensation of the 1916 season in the American league.

Charles Doom, former manager of the Phils, so enjoys the work of running a modern garage, which he recently opened in Philadelphia, that he is not over-anxious to return to baseball.

Johnny Coulon, former bantamweight champion, has saved his ring earnings to invest in real estate. Recently the diminutive pugilist sold a Chicago apartment building for the snug sum of $37,500.

At the recent meeting of the Ontario Hockey association, the officials in their annual reports pointed with much pride to the fact that so many players were distinguishing themselves on European battlefields.

Henry Carlson, New England's new lightweight champion, is said to possess as rapid a county left hand as any boxer in the lightweight division. What's more he connects from such a short distance that when he lands he hurts.

TO PROMOTE FRIENDLY RELATIONS

Washington, D. C., Dec. 20.—The Southern Society of Washington, which in late years has attained a foremost place among the social organizations of the national capital, has arranged an ambitious program for the present social season with the announced purpose of promoting friendly relations between the people of all sections of this country and with other countries of the western hemisphere. The first in the series of entertainments will be a reception and ball to be given tomorrow night at the Pan-American building in honor of the diplomatic representatives of the South and Central American republics. The President and Mrs. Wilson are among those who have accepted invitations to attend the ball.

$100,000 FIRE AT JERSEY SHORE

Jersey Shore was visited by a $100,000 fire Monday morning last. The fire started in the cellar of the Masonic building and on account of inadequate equipment and poor water pressure the building was destroyed and several adjoining buildings, including the Hotel Pickering owned by Joseph Pickering of this place, were badly damaged.

The fire departments of both Williamsport and Lock Haven were appealed to and quickly responded, the LaFrance engine of Williamsport department being the means by which the fire was subdued.

REPUBLICANS REGAIN FIRST PLACE ON THE BALLOT

The order of precedence of parties on Pennsylvania's official ballot will undergo as pronounced a shake-up before the 1917 elections as it did four years ago.

On the farce of the returns of last month's election the order of party squares for the next four years will be:

Republican, Democratic, Socialist, Prohibition, Washington, Roosevelt, Progressive.

"THE FEAST OF LIFE"

Special Feature at the Globe Theatre Today

Aurora Fernandez, a poor Cuban girl, is persuaded against her will to become betrothed to Don Armada, a wealthy Cuban. She loves Pedro, a young fisherman, who lives with his uncle Father Venura and his sister Celida, who has been secretly stealing to Don Armada's villa, but is cast off by him on his engagement to Aurora.

Longing for a sight of Pedro, Aurora, disguised as a dancing girl goes to an inn where Pedro comes with other fishermen for a night's revelry. He does not recognize her as his "Lady of the Lily" as he calls her, but falls a victim to the charms of the dancing girl.

Celida, dying of a broken heart, confesses to Pedro and Father Ventura; and Pedro, to avenge Celida, summons all the fishermen in the village and leads them against Armada, in whose villa the wedding feast is being held. The guests fly in terror and Armada is wounded. Aurora alone remains undaunted, and Pedro, finding her, recognizes not only his love of the tavern, but Aurora and that she is the wife of Armada. Notwithstanding her pleadings not to kill her husband, he is about to strike when he sees that Don Armada is blind. This awakens his pity and he leaves the house.

Don Armada has an operaton performed on his eyes which proves successful, but the physicians warn him that any shock may result in blindness for life. Aurora, in the meantime, has been carrying on clandestine meetings with Pedro, and Armada, hoping to find out who Aurora's lover is, tells her that the operation has been a failure. He intercepts a note from Pedro and locking Aurora in her room, stabs Pedro. He then returns to Aurora and she discovers that he has tricked her. He tells her what he has done, but the shock kills him. Aurora escapes and finds Pedro still alive. She takes him home where she watches over him, and the crisis over, the lovers are reunited.

"ATTENTION KIDDIES"

Owing to my accident, I will be unable to give you my usual Xmas treat. But will give a free matinee Xmas afternoon at 2:00 and 4:00 o'clock to all the boys and girls up to 12 years of age. Two complete shows of 7 reels. The Xmas tree and old Santa will be cut out this year, because I am unable to get to the opera house to manage the work. Don't all come to the first show but divide up and then you won't be crowded. Wishing you all a Merry Christmas and a Happy New Year, I am,

Respectfully
THOS. E. CLARK,
Mgr. Opera House
